Dear Rainbow,

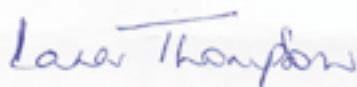

On behalf of all those present at the workshop this evening I would like to thank you for making the trip from Bunbury and sharing your work with us.

Your passion for your work and your creative ideas shone through in your presentation and people now have a much better idea of just how they can include creative expression and get right to the heart of their particular issue and have a fun experience.

Once more thank you for your efforts. The depth of your preparation was most evident from your presentation, the visual props and your ability to involve those present.

It was pleasing to receive such positive feedback from the participants who commented that their love of art had been reawakened.

Yours sincerely
